Hvernig tengist ég eduroam ?

Áður en hægt er að tengjast þráðlausu eduroam neti þá þarf að búa til stillingar fyrir netið.

Helstu stillingar fyrir eduroam eru;

Auðkenning/authentication: IEEE 802.1X

EAP tegund/type: TTLS or PEAP - MS-CHAPv2

Certificates: CA public certificate / none

Notandanafn: notandanafn@hi.is + Uglu lykilorð

WLAN SSID: eduroam

Encryption: TKIP (WPA) or AES (WPA2)

IP address: DHCP

eduroam tenglar

TERENA
